AWEW/LP/NSI 002 17

18 January 2017

To: All NSI NACOSS Gold approved companies and applicants

Dear Colleague,

REVISION OF NSI NACOSS GOLD APPROVAL CRITERIA

The NACOSS Gold approval criteria have been revised and the latest edition (SF 002, Issue 4) is available from the approved company login area of the NSI website.

The new edition is in a revised format as part of our process of updating documentation to provide a more consistent style.

There are no significant changes to the criteria apart from the addition of Appendix A providing supplementary notes on the guidelines for the premises criterion. You should not need to alter your existing premises as a result of these supplementary notes. However you may find the notes useful if you decide to move premises.

Please do not hesitate to contact me if you have any questions or queries.

Yours sincerely,

**Tony Weeks**
