

RJ/LP/NSI 010/16

11 August 2016

To: All NSI approved companies and applicants

Dear Colleague

Publication of NSI Regulations Issue 5 (2016)

NSI Regulations Issue 5 (2016) has just been published, superceding as it does Issue 4 (2009).

This latest edition encompasses all NSI approval schemes (including the recently launched Gates schemes). The revisions reflect changes in the standards Certification Bodies are required to work to with clearer language and terminology.

In 'Issue 5' the annexes have also been separated from the main document. They too have been simplified and include scheme specific regulations as listed below e.g. regarding Certificates of Compliance and Certificates of Conformity:

- Annex 1 - Definitions that apply to NSI Regulations and annexes
- Annex 2 - NSI Schemes
- Annex 3 - Maximum limits of certain fees and so on
- Annex 4 - NACOSS Gold and Systems Silver
- Annex 5 - Fire Gold and Fire Silver
- Annex 6 - Life Safety Fire Risk Assessment Gold and Life Safety Fire Risk Assessment Silver
- Annex 7 - Gates Gold and Gates Silver

The NSI Regulations can be found and are available for download from the approved company login area of the NSI website (under each Approval scheme).

We trust you find the Regulations now easier to read.

Yours sincerely

Richard Jenkins
Chief Executive
