14 June 2016

To: All NSI Fire Gold approved companies and applicants

Dear Colleague

NSI Quality Schedule FSQS 121 (Issue 8)

I am pleased to inform you we have updated NSI Quality Schedule FSQS 121 for the application of BS EN ISO 9001:2015 to NSI Fire Gold approval.

You can obtain a copy of FSQS 121 (Issue 8) from the Fire Gold approved company area of the NSI website using your login details.

The structure of the Quality Schedule has been changed to align with the new section headings in BS EN ISO 9001:2015 and the content has been moved where necessary to sit correctly within the relevant sections. However there are no significant changes as far as the requirements of the Quality Schedule are concerned.

BS EN ISO 9001:2015 does introduce changes compared to the 2008 edition and we have produced a comparison guide for NSI Gold approved companies to highlight the differences. The comparison guide is available from the Gold approved companies area of the NSI website.

Please do not hesitate to contact me if you have questions or queries.

Yours sincerely

Tony Weeks

Head of Technical Services
