

LW/KL/NSI 014 18

26 April 2018

To: All NSI approved companies

Dear Colleague,

GDPR ONLINE E-LEARNING COURSE - REMINDER

On the 4th April, NSI launched its new GDPR eLearning course to enable NSI approved companies to familiarise themselves with the GDPR essentials prior to the 25th May 2018 compliance deadline.

A Circular Letter was sent out to the 'Main Contact' for each approval, with an invitation to trial the course for free and the option to then sign up additional employees.

Uptake on the course has been good, with over 350 learners successfully completing the training so far. This means there are still many Main Contacts who have not taken advantage of this free service.

If you are interested in taking the course, and wish to enrol yourself or additional employees, or for any further details on the sign up process, please contact Maxine.Dent@nsi.org.uk.

If you have any questions about the content of the course, please do not hesitate to contact me using the details below.

Yours sincerely,

Laura Welford
Quality Manager
