

KL/LW/NSI 022 18

13 November 2018

To: All NSI Approved Companies

Dear Colleague,

UPDATES TO NSI REGULATIONS AND SCHEME APPROVAL CRITERIA

We would like to draw your attention to the recently updated NSI Regulations and scheme Approval Criteria. Updates have been made in light of recent changes to data protection legislation and should be read alongside the [Privacy Notice](#) on the NSI website.

The new NSI Regulations have been attached to this letter for your convenience but please ensure you have access to the applicable Approval Criteria in the Approved Company area of the NSI website. Once logged in, select the 'Documents' tab and your medal colour and you will find a list of the schemes on the right-hand side. Select your scheme from the list to find the relevant documentation.

Both the NSI Regulations and the Approval Criteria form an important part of the requirements for your continuing approval. If you have any questions about the changes, please do not hesitate to contact me using the details below.

Yours sincerely,

Laura Welford
Quality Manager
