

KL/RC/NSI 023 18

11 December 2018

To: All NACOSS Gold, Systems Silver and ARC Gold Approved Companies and applicants

Dear Colleague,

RELEASE OF THE NATIONAL POLICE CHIEFS' COUNCIL (NPCC) POLICE REQUIREMENTS & RESPONSE TO SECURITY SYSTEMS

The NPCC have recently released their 2018 updated policy which has been retitled as the "National Police Chiefs' Council (NPCC) Police Requirements & Response to Security Systems" and replaces the 2015 version "Guidelines on Police Requirements & Response to Security Systems".

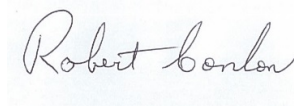

This document is applicable to all installers and ARCs in England, Wales and Northern Ireland and is available on the Secured by Design website under the Security Systems Policy 2018 at www.securedbydesign.com.

There have been several changes made which include the addition of some requirements and removal of others, new additions to the text, explanations and clarifications, etc.

A summary of the changed sections are listed in the first few pages of the NPCC document and to help with highlighting the changed content I have compiled a reference document based on this summary, Annex A to this circular letter, which is attached. This will assist with your review of all the changes within the NPCC document.

The information contained in the Annex A should be self-explanatory but, if you do have any questions, please do not hesitate to contact me.

Yours sincerely,

Robert Conlon
Head of Standards
