## **NSI Summit**

We would also like to take this opportunity to invite you to the NSI Summit taking place on 21st March 2019 at the VOX in Birmingham. This event is free to attend and there is a fantastic array of speakers this year talking about a diverse range of topics including the PD 6662:2017 and NCP 104 Issue 3 above. NSI technical representatives will also be there to talk with – so it is a good opportunity to ask any questions you might have, or just catch up with a member of the team you've not seen in a while.

To register and see further information about the event see <https://www.nsisummit.co.uk>

We hope to see you there!

Yours sincerely,

Robert Conlon
