To: All NSI Approved Companies and applicants

Dear Colleague,

UPDATE TO NSI REGULATIONS

We would like to draw your attention to the recently updated NSI Regulations (currently Issue 9). Updates have been made to Section 2 'Applying for NSI approval' and Section 3 'Once approved'. We have also included references to the new 'Kitchen Fire Protection Systems' scheme and the related Regulations Annex 8.

The new NSI Regulations have been attached to this letter for your convenience but please ensure you have access to them in the Approved Company area of the NSI website. Once logged in, select the 'Documents' tab and your medal colour and you will find a list of schemes on the right-hand side. Select your scheme from the list to find the relevant documentation.

The NSI Regulations form an important part of the requirements for both applications for approval and continuing approval. If you have any questions about the changes, please do not hesitate to contact me using the details below.

Yours sincerely,

Laura Welford
Quality Manager
