Dear Colleague,

EMS AND H&S RECERTIFICATION - AUDIT DURATION

For EMS and H&S clients, we have recognised the need to supplement the audit time during recertification year to ensure that your auditor has sufficient time to cover all requirements adequately.

For many businesses, one additional audit day in the recertification year may be all that is required. However, your account manager will be in touch with you in due course to confirm the necessary changes with you. Should you have any questions about this, please do not hesitate to contact me.

Yours sincerely,

Max Linnemann
Head of Certification Services
