Dear Colleague,

IMPORTANT UPDATE TO SCHEME APPROVAL CRITERIA (MSF 571) RE: NCP 119 FOR THE PROVISION OF LABOUR IN THE SECURITY AND EVENTS SECTOR

In March this year we published a circular letter informing you of the introduction of a new Code of Practice for the provision of labour in the security and events sector (NCP 119).

We detailed that by 31st March 2021, it was mandatory for NSI Gold and Silver approved companies to ensure that all labour providers used within their supply chain held approval to the code.

Because of the circumstances brought about by COVID-19, we have extended this deadline until 31st December 2021.

Please note the Scheme Approval Criteria document (MSF 571) has been updated accordingly to reflect this mandatory requirement. The updated Criteria can be found on the NSI website in the approved company login area (select 'Documents', your approval scheme, then 'Regulations and Approval Criteria').

Should you have any questions regarding this new requirement, please do not hesitate to get in touch.

Yours sincerely,

Max Linnemann
Head of Certification Services
