Dear Colleague,

**NSI PRICING FOR 2022/23**

NSI's client fee rates and other charges are reviewed annually and increases applied from 1st April each year. This year the average increase being applied to NSI Schemes is 5%, below reported inflation.

Increases applied vary around the average, some rounding and, in a small minority of cases, continuing steps toward removing anomalies over time.

We remain committed to controlling costs yet delivering improvements in core service delivery. Keeping approved companies informed of upcoming revisions in standards, promoting the merits of approval to buyers and specifiers who recognise NSI Approved Companies' commitment to delivering quality solutions professionally and competently are all areas of continuing focus.

Thank you for maintaining your approval with NSI.

Yours sincerely,

Richard Jenkins  
CEO
