To: All NSI approved companies

Dear Colleague,

NSI PRICING FOR 2023/24

NSI's client fee rates and other charges are reviewed annually and increases applied from 1st April each year. The average increase being applied this year to NSI Schemes is 10%, and below reported inflation.

Increases applied vary around the average, some rounding and, in a small minority of cases, continuing steps toward removing pricing anomalies.

NSI continues to contain costs wherever possible whilst investing in core audit programme delivery. Ensuring our audit quality and depth remains of a high order, approved companies are well informed, and promoting NSI approval to buyer and specifier communities are all areas of continuing focus.

Thank you for maintaining your approval with NSI.

Yours sincerely,

Richard Jenkins
CEO
