To: All NSI approved companies

Dear Colleague,

COMING SOON - NEW NSI AUDITEE PORTAL

I am pleased to announce the upcoming launch of a new NSI auditee portal later this summer.

Supported by INTACT, a cloud-based platform used by specialist certification bodies worldwide, the new portal will provide NSI approved companies with a secure, user-friendly tool specially designed to ensure easy access to all audit-related activity including documents, reports and findings.

Located within the Approved Company Login area of the NSI website, the portal will further enhance our service to all approved companies.

We will keep you updated with further information in the coming weeks.

Systems and Fire approved companies should note that the purchase and issuance of Certificates of Compliance will remain unchanged until further notice as this service is not part of the new portal.

Yours sincerely,

Matthew Holliday
Director of Approval Schemes
