23rd April 2025

To: All NSI approved companies

Dear Colleague,

NSI PRICING FOR 2025/26

As part of our annual review process, NSI has assessed its fee rates and associated charges. Where applicable, revised rates will take effect from 1st April. While some schemes will see a modest adjustment, we are pleased to confirm that certificate costs remain unchanged for another year.

Our day rates continue to be highly competitive; lower than those of other certification bodies operating within our sectors ensuring you continue to receive exceptional value.

NSI remains committed to managing costs responsibly while continuing to invest in the delivery of our core audit programmes. We maintain a strong focus on the quality and rigour of our audits, the clarity and timeliness of communications with approved companies, and the promotion of NSI certification across the industry and to key stakeholder groups, including buyers and specifiers.

Please note that, due to a recent system change, there has been a short delay in issuing this year's annual invoices. We expect these to be with you in the coming days.

Thank you for your continued trust and partnership with NSI.

Yours sincerely,

Richard Fogelman
CEO
